

PRO

Versatility matched with **premium** quality

When it comes to VAULT's PRO line of enclosures, versatility is key. With mounting solutions for countertop, freestanding kiosk and wall mount, the Pro can adapt and excel in any environment. Built to protect the Apple iPad line of tablets, Pro is a flexible enclosure solution for your unique hardware requirements.

Custom Branding Options

Brand each Pro Enclosure with your company's logo and colors.

Support for Payment Devices

Integrate your 3rd party devices for seamless and accurate customer transactions.

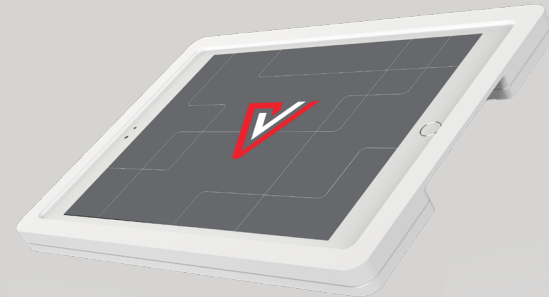

Interchangeable Mounted Solutions

Interchangeable with either countertop, wall mounted, or freestanding kiosk.

Landscape or Portrait Orientation

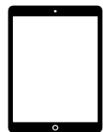

Place your iPad in landscape or portrait view.
